East Bay Regional Parks Archery classes:

To date, we have complete three classes—two regularly scheduled classes on March 9 and March 23 for EBRPD and a third class on March 20 for EBRPD youth with Philip Coffin. We had great weather for two of the classes; the March 20th class was a little soggy.

Thank you to Ric, Mike, Joann, Ken, Doug and Phil for persevering through the rain to work with the archers.

We continue to need your help with these classes—there are set up and take down activities as well as the class itself. Please support this great activity by helping out before, during or after.

Class schedule:	April 6	1:30-3:30
	April 20	1:30-3:30
	May 4	1:30-3:30
	May 25	10:00 to noon
	May 25	1:30-3:30

Target Talk is the voice of Redwood Bowmen membership. If you have a special topic, please send me information – where did you compete, how did you place? Hunting trips planned, hunting successes?

Level 3 instructors

Doug and I recently completed a Level 3 Instructors class given by Mike Pierce. Thank you Carl and the Fat Shafts crew for hosting. It was an informative 3 days.

Teaching Anthony and Tom to shoot recurve

Greetings from Pennsylvania...

As some of you know, my job has placed me in West Chester, Pennsylvania for a period of time. I fly back to CA every other weekend. Since I will be competing in the IFAA World Indoor in Yankton, SD in April and the National Sr. Games in Cleveland this summer, my bow made the trip to PA with me. And since I am only 40 or so miles from Lancaster Archery, I had to do what any archer would do, I went to Lancaster, PA to shop and shoot at Lancaster's facility.

Forty miles in this part of Pennsylvania takes well over an hour to get there. What is most frustrating about this area is that there is no direct way to get anywhere. There are only a few freeways, most everything is a pike or 2-lane road.

The closer I got to Lancaster, the more farming--huge silos surround by acres and acres of land. Lancaster is next door to Strasburg, a major Amish community.

So not only am I driving on 2 lane roads, now I'm sharing the road with buggies. It's quite an experience.

And what an amazing cultural mixture. Not since I was a little girl in Nevada have I seen a farmer plowing his field with a 3-mule hitch. The area is a delightful mixture of old and new—houses with no electricity next door to houses with TV satellites, young girls in modern clothing next to young girls in traditional Amish clothing.

Back to archery—not many archers shoot Freestyle here in PA. During my few hours at Lancaster's, I was looked at a little strangely when I got my bow out and started shooting. I had a good day of practice though, Robin Hooded in the x-ring. And best of all, I was in an archery shop, so getting new arrows is a breeze.

Redwood Bowmen – Out and About

Lodi Bowmen Cartoon Shoot

From Carol Clark--Steve and Carol Clark had a fun time at the Lodi Bowmen Cartoon Classic in Lodi on March 23rd. The weather was great at 72 degrees and sunny. The shoot was very well organized with 42 targets/2 arrows. Carol took 2nd place in BHFS division representing Redwood Bowmen.

From Dave Brewer--At Lodi Emerson shot 909 and took third in Freestyle, Greg Lim shot 894 and took third in senior class. Dave shot 897 and didn't place. Christian Yang also shot but didn't finish. John and Myra Dudley also shot but I did not see their scores. I am not sure if anyone shot on Saturday, we shot on Sunday. Next shoot for us will be Horseshoe Bend, April 7th.

**The Western Round-up...
is right around the corner—Sunday, June 23.**

**We will need club members to help set targets, registration,
kitchen breakfast and lunch crews, snack stand crews,
entries/standings at end of shoot.**

Please contact Doug Scott to sign-up.

March Club Shoot

There were 27 archers at the March Club shoot.
