## Adopt-A-Target

In an effort to get members more involved in the maintenance of the range, and to reduce the strain on the range manager and everyone at the monthly work parties, we are introducing the Adopt-A-Target program. This is your chance to sign up for maintenance on the target of your choice, if they are not already taken. Up to four people will be assigned to a target. Those four will be responsible for the removing of trash, painting stakes, clearing brush, changing target faces when needed, and any other maintenance needed on that shot.

February is the last month to choose a target, so pick one before our beloved range manager picks one for you.

## A Thank You

Dear Redwood Bowmen Santa,

Thanksgiving weekend gave me a very wonderful surprise in the mail by way of a very touching letter and a generous gift for my daughter and I. It allowed me to purchase Riannon the extra arrows she wanted as her skills improve and I know it won't be long until she starts killing her own arrows. Your generosity helped me not feel the pinch of getting my much-needed longer arrows, and even stretched to help me afford a simple fletching jig and a clicker for Riannon. All of these items have been put to good use. Thank you.

The last few months have been exceedingly tough on me. The Redwood Bowmen members and our range have been a wonderful comfort to me through out. The letter was enough to lift my spirits and restore a little of the faith I had lost. I will save it for a long time.

Thank you again,  
Amber Adams
