M A BB	Steve Williams	345

## WESTERN ROUND UP

\*photos  
taken by  
Amber  
Adams

The Western Round up was a success! We had around 180 shooters and some of our own members took home belt buckles. We give a huge thank you (especially Ric) to all those that helped prepare the range for the competition, like Ric Robles, Karl Kresge, Doug and Dawnel Scott, Anthony Kesich, Susan Rouse, Yih Fian Chang, Amber Adams, and Steve Williams. There will be more info on the results of the shoot in the next edition of Target Talk. Please send any info or photos to the Target Talk editor.

---

## Who Visits Our Range? Everyone!

These gentlemen, Abby Kevin Krescher and Canon Olivier Meney, were spotted enjoying their afternoon at the range the last few weekends. We look forward to seeing them again. Currently the East Bay Parks Department and the Redwood Bowmen have been working towards making a new lease agreement and knowing that our range serves a diverse range of people is a wonderful thing.

---

## Bring me... Water!

We've got a lovely new water fountain down by the short distance range thanks to the East Bay Parks Department.

---

## BORP CLASSES

BORP, the Bay Area Outreach and Recreation Program, is a large provider and promoter of adaptive sports and recreation options for men, women, and children in the bay area. BORP brought up some of their blind and disabled members for a class taught by members from our club. This class taught by Dawnel Scott with help from Neil Ruben, Amber Adams, Doug Scott, Evan Ritter, Riannon Adams, and Neil's daughter. The class went very well and we are excited to host another!

---

## Target Assignments

Our range master, Ric Robles, will be assigning targets to members at the meeting this friday, July 9th, so please attend to receive your target number. The idea behind assigning members a specific target is that each target will have someone taking care of it and keeping it in good condition. Ultimately, this will not only keep Ric sane, it will keep our range looking great. So please, put up a target, cut back the weeds, plant some flowers, hide a gnome or two, and love your bale!

---

## In Remembrance of Rebo Passed...

At the King's Mountain 3D in the Redwoods shoot on June 21, I was approached by one of their members, Gary Jonston. Mr. Jonston informed me of the passing of one of their members, Bob Manglesdorf just a couple weeks prior. Bob had been a member of Redwood Bowmen for some time before joining King's Mountain Archers. Upon going through his belongings, they found Bob's ReBo patch and an old metal plaque with the old ReBo archer on it. King's Mountain Archers returned those items to us, and also gave us a recent photo. After a little research in our early Target Talks, I discovered Bob first joined Redwood Bowmen in 1960 and had been active member whose skills (and scores) quickly improved. Whether we had met him or not, he will be missed.

- submitted by Rebo Secretary, Amber Adams.

---

## A Call for Info!

As the new Target Talk editor I am looking for help collecting information on events and photos of Rebo members at work on the range and out about. If you have anything to share please send me what you have at [rebotargettalk@gmail.com](mailto:rebotargettalk@gmail.com). Thank you!
